

The ABCs of God

A Study for Children on the Greatness and Worth of God

REVISED

The ABCs of God is a study for children on the greatness and worth of God. It uses the alphabet as a framework for learning the attributes of God and other terms that describe His character, at an age-appropriate level. (Note that attributes are purposely not taught in alphabetical order.) Through the use of a teaching aid called “The Blessing Box,” students will discover a new attribute of God each week and will be challenged to consider how they should respond to an amazing God who is worthy of their greatest love, honor, trust, and obedience.
